

Johnnie Young

Johnnie currently serves as Manager of the Network Services team in the Information Technology Department of the Federal Reserve Bank of Atlanta. His responsibilities include oversight of all activities that ensure successful day-to-day operations of the Atlanta District data communications network. In addition to his regular duties, from time-to-time he conducts tours of the Fed. He has been with the Atlanta Fed for eight years.

Prior to joining the Atlanta Fed, Johnnie gained twenty six years of Information Technology and management experience through serving with the United States Army. He has BS degree in Computer Information Systems from Saint Leo University of Florida. He is currently seeking an Executive Masters degree in the School of Management of Technology, at the Georgia Institute of Technology, here in Atlanta.
